

# Prospectus 2026

Founded 1962 · Est. excellence in K–12 education

Welcome to Ashford Academy, where a rigorous K–12 curriculum meets genuine pastoral care. This prospectus introduces our programmes, campus, and the admissions journey for the 2026 academic year.

## Our programmes

- Lower School (K–Grade 5): play-based to structured literacy & numeracy.
- Middle School (Grades 6–8): broad academics, arts, and athletics.
- Upper School (Grades 9–12): exam pathways and university guidance.

## Why families choose Ashford

- Average class size of 16, with subject specialists from Grade 4.
- Modern campus: science labs, library, sports complex, and arts studios.
- A dedicated admissions team and a clear, online application process.

## The admissions journey

Inquiry !' Application !' Documents !' Assessment !' Offer !' Enrolment. Track every step in the parent portal — no need to chase the office for updates.

Ashford Academy is a fictional school created for a Nuvanta Labs demonstration. This document is sample content, not a real prospectus.
